OFFICE OF LIBRARY DEVELOPMENT
AND SERVICES
MINNESOTA DEPARTMENT OF EDUCATION

Services of the Office of Library Development and Services

(Formerly Office of Public Libraries and Interlibrary Cooperation)

The Office of Library Development and Services offers consultant, advisory and guidance services to librarians, library boards, public officials, and citizen groups interested in libraries and library development. The staff also administers the Minnesota program for public library development and multi-county multi-type library cooperating with state and federal funds appropriated for these purposes.

The Minnesota Library for the Blind and Physically Handicapped, located in Fairbault and serving eligible users throughout the state, is part of the office, as is the Interagency Resource and Information Center, located in St. Paul and serving staff in six government agencies.

Inquiries concerning services and programs should be directed to Director, Library Development and Services, 440 Capitol Square, 550 Cedar Street, St. Paul, MN 55101.

William G. Asp, *Director*	(612) 296-2821

Minnesota Public Library Statistics

1986

Introduction by
William G. Asp

The Office of Library Development and Services, pursuant to Minnesota Statutes 134.31, Subdivision 4, collects and reports statistics each year on public library services in the state. Public library statistics for the library fiscal year ending during the calendar year 1986 are reported in this issue of Minnesota Libraries. In most cases, the library fiscal year coincides with the calendar year, and in all cases the data is comparable with data published annually for more than eighty years.

Annual report forms were distributed in January, 1987, to all Minnesota public libraries. Information reported in this publication is the information supplied by each library.

Data is tabulated and stored in the computer of the Minnesota State Planning Agency Land Management Information Center. Space limitations prohibit publication of all available data. Specific tabulations and comparative data may be requested from Jan Feye-Stukas at LDS.

Persons noting errors in an entry are requested to report the errors to Jan Feye-Stukas.

The Population Served

At the end of 1986, the number of Minnesotans served by tax supported public libraries was 3,970,510, or 97.4% of the state's population. Of the population with public library service, 98.3% are served by libraries participating in regional public library systems.

The are 339 staffed public library buildings in Minnesota, 2 more than in 1985. Lanesboro organized and opened a public library, and the St. Paul Public Library opened its new skyway outlet in Town Square.

At the end of 1986, twelve counties remained without countywide library service. Fillmore County's decision in the fall of 1986 to begin participating in Southeastern Libraries Cooperating (SELCO) in 1987 brings the number of counties without service to eleven. In 1986, Caledonia began participation in SELCO and Little Falls began participation in the Great River Regional Library. The number of unaffiliated public libraries was 19. That number will be reduced in 1987 with the participation of the Grand Rapids Public Library in the Arrowhead Library System, effective July 1, 1987.

The Use of Public Libraries

The use of public libraries continues to increase steadily. All available evidence suggests that more Minnesotans are using public libraries for more services than ever before.

Library circulation is only one measure of library use. It is the only mesure collected in every Minnesota public library, so it is the sole available indicator of public library use statewide.

Library circulation increased 4.749% over 1985. Minnesotans checked out 34, 748,131 items from public libraries, or 8.2 items for each person in the state. This is the highest circulation per capita in the state's history. Since 1980, Minnesota public library circulation has increased 34.35%.

Increases in library circulation of 5.53% in the Twin Cities metropolitan area and 3.7% in greater Minnesota were reported. Circulation increases were reported in all regional public library systems except the Lake Agassiz Regional Library where there was a small decrease of three-tenths of one percent. Even in areas of the state where population is decreasing due to economic difficulties, library circulation is increasing. In the Arrowhead Library System, circulation increased 3.73%, and in the Plum Creek Library System, circulation increased 1.14%. Public libraries have a strong record of service for people facing crisis and change.

In previous years, more than 80% of the libraries reported other measures of library use such as use of materials in the building and number of reference and directional questions asked. Fewer libraries reported this information for 1986, making comparison with previous years impossible.

Public Library Collections

Users of Minnesota's public libraries have access to books, magazines and newspapers, and in most public libraries users also have access to disc and tape recordings, videocassettes, 16mm and 8mm films, art prints and other audiovisual material. Library collections grew in 1986 at approximately the same rate as in 1985, or 2.15%. At the end of 1986, Minnesota public libraries held 10,582,496 books, an increase of 1.42% over 1985. The number of periodical subscriptions decreased from 24,427 to 22,945, a decrease of 6.07%. The largest increase in public library collections was videocassettes, from 13,834 in 1985 to 26,982 in 1986, a 95.04% increase. Increases of more than forty percent were also reported for audio cassettes, multimedia kits, and microcomputer software. Decreases were reported in collections of audio discs,video discs, filmstrips, and toys and games.

The Sharing of Library Resources

Interlibrary loan networks give Minnesotans throughout the state access to millions of books and to articles in tens of thousands of periodicals. Participating public libraries may obtain materials for their users from other public libraries within their regional systems, and in some regions, from other types of libraries through their multitype library systems. On a statewide basis, materials in metropolitian public libraries and libraries of Twin Cities private colleges are shared with public libraries elsewhere through the Public Library Access Network (PLANET), headquarterd at the St. Paul Public Library. Materials in academic, public and some special libraries are shared under a contract for services of the Minnesota Interlibrary Telecommunications Exchange (MINITEX).

Public library interlibrary loan requests in 1986 totaled 216,984, an increase from 215,663 the previous year. Of the total, 186,235 were filled, or 86% Regional systems filled 62%, PLANET filled 10.6% and MINITEX filled 9.7%.

Special Services of Public Libraries

Specialized services for persons having special needs are provided by some Minnesota public libraries. Literacy services are provided in 51 public library administrative units, compared to 43 in 1985. Special services for day care centers are reported by 79 libraries, compared to 47 in 1985. Library service in institutions such as hospitals and nursing homes is provided by 151 public libraries. There are 150 public libraries offering services to homebound persons, and 7 library systems providing books-by-mail.

Public Library Funding

Public library receipts in 1986 totaled $69,423,795, and a 5.87% increase over 1985. County and city funds continue to be the major source of public library financial support, accounting for 87.2% of the total. These funds increased 5.38%. State and federal funds provide 8.2% of the total, and these funds remained at approximately the same level in 1986 as in 1985. Miscellaneous sources provided the remaining 6.5% of income, including fines and fees which provided 2.2%, gifts which provided 2.1%, and interest which provided .6%.

Local receipts per capita increased from $14.11 in 1985 to $14.92 in 1986. With some exceptions, local support tends to be highest for public libraries in the seven county Twin Cities metropolitan area where local support per capita averaged $21.17, compared to $20.19 in 1985. For the remainder of the state, average local support per capita in 1986 was $8.66, compared to $8.07 in 1985.

Receipts reported are for operating purposes only, and exclude capital projects which are reported separately. Also excluded are indirect receipts or inkind contributions, the estimated dollar value of services paid by cities and counties outside the library operating budget, such as the estimated value of utilities and space in city-owned multipurpose buildings. Often it is difficult to estimate the value of these indirect receipts. Libraries reported an estimated total of $2,942,518, an increase of 19.31% over 1985.

Public Library Expenditures

Operating expenditures of Minnesota public libraries in 1986 were $64,476,789, a 3.79% increase over 1985. Per capita expenditures for the population served increased from $15.59 to $16.23.

Public libraries reported spending $7,434,334 for books, a 2.6% increase over 1985. Periodicals expenditures totaled $973,336, a 9.83% increase in a year when the number of periodical subscriptions de-

clined. Expenditures for audiovisual materials remained at about the same level as in 1985, and amounted to 9% of total materials expenditures. Expenditures reported for extended access, primarily database searching costs, increased by more than 161% to $265,220.

As more libraries automate their circulation systems and catalogs, expenditures for operating automated library systems increase. These costs totaled $2,115,706 in 1986, a 24.31% increase over 1985.

Public libraries spent $14,688 for staff development, a 135.46% increase over 1985, and $169,752 for continuing education, a 12% increase. Expenditures for insurance increased 29.14%, and expenditures for audits increased 21.27%

Total expenditures for operation of bookmobiles, excluding personnel and material costs, was $265,972, less than one-half of one percent of total public library operating expenditures. The number of bookmobiles operated declined from 27 to 26, with the Waseca-LeSueur Regional Library discontinuing bookmobile service.

Capital expenditures declined 36.97% to $4,674,735.

Public Library Staff

The number of full time equivalent staff in public libraries increased from 1,896.9 in 1985 to 1,919.8 in 1986. In 1984, there were 1,903.4 full-time equivalent staff in Minnesota public libraries. The number of professional staff in Minnesota public libraries decreased from 413 to 398.

Arrangement and Content of Tables

The arrangement and content of tables is similar to reports in previous years. The summary table provides totals for each regional public library system and for the unaffiliated public libraries. Totals for the state are shown in this table.

Regional public library systems are reported in alphabetical order with system totals at the beginning. Data is presented for each branch of the consolidated regional public libraries and the county and city libraries. For federated regional public library systems, system totals are given first followed by data for system operations reflecting activities and services of the system headquarters. Member libraries of federated systems are reported next in alphabetical order. Bookmobiles are listed with their circulation and the total number of hours per week that they are available for public use. Circulation of books by mail programs is included in total system circulation. All per capita amounts were calculated using population data from the 1980 census. For individual libraries, per capita amounts were calculated using the population for the governmental unit primarily responsible for financing the library.

Sometimes useful comparisons can be made by size of library, population or budget. Computer printouts can be made using these charactersistics and may be obtained by contacting Jan Feye-Stukas.

MINNESOTA PUBLIC LIBRARY STATISTICS, 1986 SUMMARY
